(e.g. '*****')

Code Length 8
(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

humans have difficulty with
remembering long sequences typically
anything more than 7-9 becomes difficult
we also have difficulty remembering random
patterns so relying on a pattern we can remember,
Required for Amazon voucher

(e.g. 'Stage 2 BSc Computer Science, University of Kent')

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code -----
(e.g. '*****')

Code Length 11
(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

easy to remember :)

Required for Amazon voucher: -----

Email address: -----
(e.g. 'johnsmith@example.com')

Quick Click Study Form

Please fill in the following fields **at the beginning** of the study:

Gender Female

Age 24

Occupation Student
(e.g. 'Student')

Education level Masters in Computer security

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code - - * - - * - - - - - - -
(e.g. '*****')

Code Length 15
(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

I wanted to make it long and complex but with some structure.

Quick Click Study Form

Please fill in the following fields **at the beginning** of the study:

Gender Male

Age 28

Occupation Student

(e.g. 'Student')

Education level Stage 2 BSc Computer Sci [REDACTED]

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code ~ ~ ~ o < > - - - - -

(e.g. '*****')

Code Length 12

(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

Easy to remember (remember only + pattern, constant separator). Sequence 1, 3, 2.

If I was using not in test environment, would choose max length sequence.

Quick Click Study Form

Please fill in the following fields **at the beginning** of the study:

Gender Male

Age 20

Occupation Student

(e.g. 'Student')

Education level Msc - Computer Science - Computational Intelligence

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code -----

(e.g. '*****')

Code Length 12

(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

I needed something that I could remember easily just for testing.

If it had been a personal password, though, I would have chosen something more random, I guess.

Quick Click Study Form

Please fill in the following fields **at the beginning** of the study:

Gender Male

Age 19

Occupation Student

(e.g. 'Student')

Education level Stage 2 BSc Computer Science (AI) w/ [REDACTED]
[REDACTED]

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code 0--00--00--0

(e.g. '*****-**')

Code Length 12

(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

Easy to remember, long enough to be secure but could be
guessable - memorable for the short time given to create it

Quick Click Study Form

Please fill in the following fields **at the beginning** of the study:

Gender

Male

Age

21

Occupation

(e.g. 'Student')

Student

Education level

Stage 3 BSC Computer Science,

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code

(e.g. '*****-***)

Code Length

(e.g. '12')

12

Reason/rationale: Comment on the reasons behind your choice of code.

the reason for the choice of code was it was very easy and simple to remember the code. I want the code to be quite long, however not too long as it would be quite painful to remember. By having a pattern it allowed me to remember the code

Quick Click Study Form

Please fill in the following fields **at the beginning** of the study:

Gender Male

Age 21

Occupation Student
(e.g. 'Student')

Education level Stage 4 BA Criminology with

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code 000-000- - - 0

(e.g. '*****')

Code Length 11

(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

No real rationale, just wanted something
that I thought would be easy for me
to remember but that I didn't think
would be relatively easy to guess

Quick Click Study Form

Please fill in the following fields **at the beginning** of the study:

Gender Male

Age 35

Occupation Student

(e.g. 'Student')

Education level MSc

[REDACTED]

Fill in the following fields **after** having followed the instructional video:

Quick-Click Code 90-0--9-000

(e.g. '*****')

Code Length 11

(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

High length → take longer to break

Quick Click Study Form

Code Length 14

(e.g. '12')

Reason/rationale: Comment on the reasons behind your choice of code.

If it is based on S-O-S
in Morse code so is
memorable, but slightly longer
for more security and not
to be as obvious.
